ISU World Figure Skating Championships 2016
Boston, USA, March 28-April 3, 2016

CITY OF BOSTON OVERVIEW

Boston, first incorporated as a town in 1630, and as a city in 1822, is one of America's oldest cities, with a rich economic and social history. What began as a homesteading community eventually evolved into a center for social and political change. Boston has since become the economic and cultural hub of New England.

As the region's hub, Boston is home to over 617,000 residents, many institutions of higher education, some of the world's finest inpatient hospitals, and numerous cultural and professional sports organizations. Millions of people visit Boston to take in its historic neighborhoods, attend cultural or sporting events, and conduct business.

Boston also has a rich skating history that includes The Skating Club of Boston, which is partnering with U.S. Figure Skating to host the World Championships this year. The Skating Club of Boston is a founding member of U.S. Figure Skating, and one of its oldest and most decorated clubs. Over its 100-year history, the Club has produced two Olympic Champions, five World Champions, two Junior World Champions, 146 National Champions, six members of the World Figure Skating Hall of Fame and 15 members of the U.S. Figure Skating Hall of Fame.

In recent years, Boston has hosted numerous, prominent figure skating events including the 2012 U.S. Synchronized Skating Championships, the 2013 ISU World Synchronized Skating Championships and the 2014 U.S. Figure Skating Championships. Boston audiences are huge fans of the sport of skating, and attendance at the 2016 World Championships is expected to exceed all previous events.

The arena is located in Boston’s West End, full of shops and restaurants and is connected to North Station, a train station connecting Boston to the suburbs, and Boston’s metro subway station.

Practice Arena - Steriti Memorial
